“Breaking Trade Barriers Around the World”

Special Focus on the World Dredging Markets

13 November 2014, Brussels

Possible ways for European Dredgers to enter the US Market

European Dredging companies
WILL
operate in the US.

The US Dredging Market will be opened !

Why ?

Why now ?

Stop referring to the Jones Act !

Path to Liberalisation through Education

The US Dredging Market will be opened !

It makes sense ...

European Dredgers bring added value to

- 👍 Labor
- 👍 Industry (petrochemicals, East Coast & Gulf ports, ...)
- 👍 Obama Administration (Infrastructure competitiveness)
- 👍 Environment

Thank you !
